

**Provide your customers with access to an always-on, automated memberHub, so they can manage their accounts even when your branches are closed.**

## Advanced Bespoke Area for Your Members

incuto memberHub is an advanced member's area for your members to manage their accounts, even when your offices are closed.

Modern security protects your member's data, including 2-Factor Authentication, meeting or exceeding bank-level security, whilst still being fast and convenient to access, from any device.

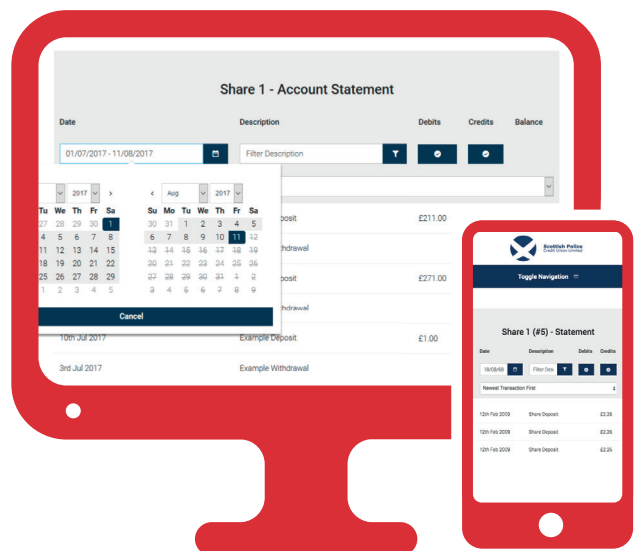

## Account Management & Money Transfers

Provide access to near real-time account balances, statements and other account information.

Members can:

- Search, sort and interrogate transactions
- Securely withdraw or transfer money
- Apply for new accounts & products

Using incuto Pay, withdrawals can be scheduled or fully automated.

## Personal Customer Dashboard & Financial Tools

Members can tailor their own experience, changing the look and feel of the member's area, and the information they would like to see.

Members can:

- See their personal star-rating
- Change account names to friendly references
- Set savings goals
- See personalised offers and news
- View previous applications and agreements
